

At Canaan Elementary School, we believe that our students are best served by a collaborative effort between students, teachers, and parents. This compact provides important program information, and outlines key responsibilities that will improve our opportunities for success.

Please review, sign and return if you would like your student to receive Title 1 math support. If you have any questions or concerns about the program, feel free to contact us at: smellow@mvrds.org.

Overview: Title 1 is a federally funded program designed to support students at risk of failing to meet state math standards.

- Student eligibility is based on benchmark test scores and teacher recommendations.
- Participating students will receive in class, small group, differentiated instruction for 30 minutes 5x per week.
- Students may be discharged from services, with parent/teacher input, if assessments indicate that they are back on grade level.

As a parent, I will do my best to:

- Ensure that my student attends school regularly
- Emphasize the importance of math in their lives
- Maintain open lines of communication with staff
- Review and discuss progress reports with your child

As a student, I will do my best to:

- Come to school prepared to learn, work hard, and actively contribute in class.
- Meet behavior expectations
- Ask for help when needed and help others when possible.

As an educator, I will do my best to:

- Create a respectful, safe, engaging, and productive learning environment.
- Monitor student achievement to identify needs and tailor instruction to each student's ability level and learning style
- Provide parents with quarterly progress reports and other communication as needed.

I understand that signing this agreement indicates that I am willing and able to meet the responsibilities of this partnership to the best of my ability.
